

PURCHASE POLICY

- To ensure the continuity of company activities by arranging the continuous flow of materials and services
- To make strategic, cost-oriented, and competitive purchasing
- To find alternative sources of supply
- To contribute to the development of existing suppliers by acting in constant communication and cooperation with them
- To ensure integrity in high coordination with other departments of the company
- To help our personnel to work comfortably and peacefully
- To enable our personnel to develop themselves through training and to make the company successful.

To procure goods and services at the lowest cost, highest quality, and most appropriate payment condition on time and completely by conducting market studies and cost analyses by thinking globally.

Vice-Chairman of Board
Yakup Birinci
